Long Term Recovery

Flexible accommodation for long term recovery in the event of a major site disruption.

- 98m² to 1278m² of Computer Equipment Room or 30 to 300 positions of Workplace Recovery built at your site within 4 - 30 days.
- You keep the unit once it is erected.
- Single or 2 storey options.
- Includes temporary generators and air conditioning units.
- Can be erected on any area of hard-standing without site preparation.
- The solution for businesses that need alternative premises beyond the standard 13 week invocation period.

An essential element of any recovery plan since 1978.
