SafetyNet Workplace

Relocate your staff to alternative premises and all that changes is the view from the window.

- Positions include standardised, regularly refreshed PC and advanced telephony recovery.
- 2 days annual testing at a SunGard Recovery Centre.
- Optional additional testing.
- Free 13 week invocation period.
- Flexible payment terms.
- Terms and Conditions to enable future growth.
- Option to install standby or live production systems in a SunGard Computer Equipment Room.
- Cost effective, fully functional business environment for your staff to operate in.
- Workplace areas available within a guaranteed timescale.
- Support from the most experienced recovery technicians in the world.
- No capital investment required for standby buildings and equipment.
- Unrivalled contract flexibility.

Award winning solutions and almost 300 workplace invocations successfully supported in the UK to date.
